

Are you ready for some Brave Conversations ...

Round Square International Conference

20th – 23rd September 2021

ROUND
SQUARE

... on an international scale?

Do you hope for a brighter future in which we work together to take on some of the world's biggest problems? Are you ready to help create that future? Are you interested in blue-sky thinking around some of those topics that you find most challenging and that concern you most? Are you willing to press pause on cancel-culture to build greater international understanding, acceptance and inclusion by respectfully airing, sharing and listening to differing views?

If the answer is "YES", come and join us for the Round Square International Conference 2021: *Blue skies and Brave Conversations*. Come ready to listen to the ideas of your fellow students from 50 countries around the world and lend your voice, your opinions and your unique perspective to the debate.

COME AND JOIN IN

BECAUSE CHANGE BEGINS WITH
BRAVE CONVERSATIONS
